Human Resources & Payroll Software Suite

VIP Talent Management

With VIP Talent Management, you will have an employee-first platform that simplifies recruiting, onboarding, goal-planning, and retention. It is filled with collaborative feedback options and robust HR features. VIP Talent Management covers the entire employee journey.

VIP Payroll

The VIP Payroll platform was created to handle the specialized payroll, pension, and human resource needs of the public sector. The intuitive interface helps you get this crucial task done right the first time.

VIP Employee Portal

With VIP Employee Portal, employees have fast, anywhere access to their personal payroll information. This software runs seamlessly with VIP Payroll software.

"We were really looking for something that could be an applicant tracking system that would also wrap in performance management. Plus we wanted to do some goal setting... That was why we chose [VIP Talent Management]."
-Liz D., Administrative Services Supervisor, HASCO
